

SPORTS PREMIUM REPORT – 2018-2019

In July 2017, the government confirmed their commitment to doubling the physical education and sports premium for primary schools. All primary schools will receive an increase in their PE and sports premium funding for the fiscal year 2018-2019. This income was generated by the Department for Education, investing £100 million from the soft drinks industry levy (sugar tax).

The level of funding received is based on the number of pupils recorded in the January 2018 school census. Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. The funding is paid directly to each school to enable them to make additional and sustainable improvements to the quality of PE and sport they offer.

At La Fontaine Academy, our allocation for 2018-2019 is £18,720

Number of pupils and Sports Premium Grant (SPG) expected	
Total number of pupils on roll	272 (spring census 2018)
Total allocation of SPG	£18,720

Nature of support in 2018-2019				
Year group	Item/project	Cost	Objective	Outcome
All	Equipment for our new school site	£5,000 Actual spend circa £1,000 due to site delays.	To develop a sustainable suite of equipment to enable us to deliver an effective PE curriculum as well as physical activities across our curriculum.	We have purchased some equipment to enhance our playtime provision. Sadly, our site wasn't delivered on time, and as there have been considerable limitations due to the lack of adequate playground space, some of the money spent didn't have the desired impact.
All	Swimming lessons beyond expected National Curriculum expectations	£5,000 budgeted. Actual spend circa £4,000 due to unexpected closure of the swimming pool for about 4 months.	To develop long-term habits for all children and instil in them a love of swimming. To develop a culture of excellence in swimming over time.	100% children feeding back positively about their weekly trips to the swimming pool. Confidence amongst all pupils in terms of early swimming skills. Emerging cohort of children developing competitive skills in swimming.
Year 1 and Year 2	Karate lessons	£2,100	Due to the swimming pool being closed for a Term, it was decided that we would give our Year 1 and Year 2 classes karate lessons.	Positive feedback from the children. We have seen a surge of children joining similar activities after school (Taekwondo). We have also noticed a reduction in 'play-fighting' with children commenting on the importance of self-control.
All	Rugby lessons	£9,000	To develop a love of rugby for all children.	The lessons have been very positive in Years 1-4. The

			<p>To develop a culture of excellence in rugby over time. To further develop the skills of our PE coach, through professional mentoring.</p>	<p>children have learnt new skills and, as we've started using our playing field more regularly, we are now looking at ways to build on learnt skills to introduce structured activities such as tag rugby.</p> <p>We have noticed children practising their rugby skills spontaneously during playtimes and are keen to explore this further next year.</p> <p>Rugby with the older children (Years 5-6) has not been as successful, and, on reflections, and were we to have rugby again, we'd want to start with younger years and build skills up from an earlier age.</p>
All	Mentoring	£2,900	<p>To upskill our LSAs and Trainee Teachers</p>	<p>Professional mentors have been used to work alongside our LSAs and Trainee Teachers to enable them to develop activities at playtime, particularly in the summer, when we started using the field more regularly.</p> <p>Ours LSAs and UQTs now feel more confident, particularly in terms of managing behaviour during sports activities. This will be a core focus for next year, particularly as our playground will be ready for structures activities/zones.</p>
