

## Sports Premium Strategy Statement

Department for Education Vision for the Primary PE and Sport Premium:

**ALL** pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

The funding has been provided to ensure impact against the following **OBJECTIVE**:

To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision (*above*) that will live on well beyond the Primary PE and Sport Premium funding.

**It is expected that schools will see an improvement against the following 5 key indicators:**

1. the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
2. the profile of PE and sport being raised across the school as a tool for whole school improvement
3. increased confidence, knowledge and skills of all staff in teaching PE and sport
4. broader experience of a range of sports and activities offered to all pupils
5. increased participation in competitive sport

Primary Physical Education and Sport premium planning and actions should show how use of funding contributes to this vision through identified school priorities, which can be measured through reference to key outcome indicators. It is important that the main drivers for improvement are those identified by the school through their self-review. Each school should aim to achieve the following objective:

**OBJECTIVE:** To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

**Vision:** ALL pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport.
